24 / 7 COMPLIANCE HOTLINE

(800) 211-2713

We always encourage you to bring your questions or concerns to us; however, you may call the Compliance Hotline **anonymously**—24 hours a day, 7 days a week.

You should call the Compliance Hotline anytime you are aware of an illegal, irresponsible, or ethically questionable situation that you feel you cannot bring to management.

You can make your report in good faith without fear of reprisal, retaliation, or punishment for your actions, even if the situation is deemed unfounded.

The facility name and location must be given to initiate an investigation.

Healthcare compliance is the process of following rules, regulations, and laws that relate to healthcare practices. Compliance in healthcare can cover a wide variety of practices and observe internal and external rules.
